RE: Transcript Turnaround and Transcript Fees

There seems to be some confusion about turnaround time and fees associated with the production of transcripts. It has come to my attention that a majority of the transcript requests being made by the bar are for daily turnaround. The Judicial Conference of the United States has defined a daily transcript as "a transcript to be delivered following adjournment and prior to the normal opening hour of the court on the following morning whether or not it actually is a court day." Delivery under this guideline may be difficult if not impossible to accommodate due to heavy court schedules, numerous requests for transcripts, and proximity of transcription services to the Court.

Please reserve the use of daily requests for emergency purposes only. Wherever possible, please utilize expedited transcripts (to be delivered within seven (7) calendar days after receipt of an order) and ordinary transcripts (to be delivered within thirty (30) calendar days after receipt of an order). Our office will do everything we can to accommodate quick turnaround of transcripts. We are making every effort to utilize transcription services that will provide quick turnaround. We are exploring a multitude of options for electronic transmission.

Audio copies of the digital record are available in CD format. Please consider requesting a copy of the CD instead of requesting a daily transcript. If a daily request cannot be accommodated, your request will be processed as expedited and Court personnel will contact you.

Thank you for assisting the Court in complying with Title 28 U.S.C. Section 753 and the fees set by the Judicial Conference.

Please note: The fee schedule, as prescribed by the Judicial Conference, can be found at www.deb.uscourts.gov in the Forms & Documents section.
